

Bird: Micro-Electric Mobility

Bringing access to eco-conscious transportation around the world.

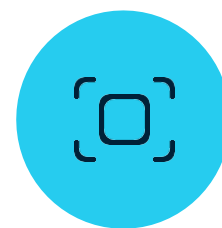

How to Bird Step-by Step guide:

Download the Bird app

Download the Bird App to your mobile device and sign up.

Find a Bird nearby

Use the map in the Bird App to find a Bird scooter close to you. Planning ahead? You can also reserve a Bird up to 30 minutes in advance.

Take flight

To start your ride, scan the Bird's QR code with your app. Hit the throttle on the right to go and pull the brakes to slow.

Ride responsibly

Follow all local traffic rules and enjoy the ride!

End your ride

Park your vehicle neatly in a designated parking area—make sure to keep access ways clear. Open the app and tap “End Ride.”
