

Joint Use Agreement: Amenity Requirements for School Groups

Updated May 2023

For the safety of students, the City has age, supervision, equipment and/or orientation requirements in our facilities.

Active Participation

Requires a supervisor 14 years of age or older to actively participate alongside students 7 years of age and under. Some instructor led programs may also require active participation.

Active Supervision

Requires a supervisor 14 years of or older to supervise students of all ages from the sidelines of the fieldhouse and track, players bench in the arenas, pool deck of the pool or fitness centre.

Emergency response: In the event of an emergency, all School User Groups are to follow instructions of City staff when visiting indoor facilities. School Groups using outdoor fields and diamonds should have their own safety plan and means of communication in place.

Please review these amenity requirements to effectively plan for your class's visit to City facilities.
