

Open For Summer Plan – Provincial Guidance

The City's priority is the health, safety and well-being of our community partners, employees, leaseholders and users.

A roadmap has been developed to help Albertans understand how restrictions will be eased over the coming weeks. Alberta's Open for Summer Plan outlines the sectors that will see gradual restriction changes at each step based on vaccinations and hospitalization benchmarks. Visit www.Alberta.ca for more details.

It is important for our users to be prepared and understand expectations for the safety of members and the community when using facilities. Our goal is for our valued users to return to play safely, comply with provincial requirements with an understanding of guidelines and approaches, when returning to activities for the safety and well-being of everyone.
