Preliminary Sketch:

[Large empty rectangular box for preliminary sketch]

Date of Installation:

Inspected By:

Comments:

Agreement Conditions:

I, (the Contractor or the representative of the Contractor) agree to install the services as indicated above in strict accordance with the standards as set out in the City of Leduc Municipal Engineering Standards manual at no cost to the City of Leduc. The Contractor agrees to place adequate insurance coverage to indemnify and save harmless the City of Leduc against all claims for property damage and for personnel injuries, including accidental death, caused by operations of the Contractor or his authorized subcontractor(s) during the performance of the work. At least 24 hours in advance of the initial construction/installation of these services, the contractor will advise the City of Leduc's Engineering department of his intent to proceed. All works performed by the contractor will be subject to a one (1) year warranty as it relates to settlements and/or system failure as deemed by the City. Upon completion of the install, I will submit via email sufficient photos of the install, including (but not limited to); the connection at the CC showing removal of the pigtail, any and all joints confirming that no joints are greater than 22.5°, and no pipe lengths are less than 1.0m in length.
