## MAYOR'S SPECIAL AWARD

# Russecetta Dylar

Russecetta Dylar, recipient of a 2023 Youth Influencer Award, exemplifies what it means to be a leader through their community activism and passion for social change.

Russecetta has shown remarkable leadership and influence, always willing to take initiative in the Leduc community. They have actively engaged with the Leduc Pride Society, aiding in many initiatives and the success of the organization. Additionally, Russecetta is passionate about educating others on Indigenous subjects and connecting with their community through the arts, specifically music. These efforts have not only supported their neighbours and families but have also positively impacted on our schools and broader community.

Russecetta encourages others in their community to engage in social activism and understands the importance of listening to the experiences of others. Not only have they played an integral part in supporting local movements but have taken leadership to a new level by starting up their own project, The Local Green Team, helping to keep our community clean and encouraging others to join in.

Their dedication to making a difference extends beyond community service and into their future aspirations. They are pursuing a career in law, particularly in Indigenous and Treaty law, reflecting their commitment to continuing their advocacy on a broader scale.

Please join us in congratulating Russecetta on this achievement, recognizing their volunteerism and activism within our community.
