Facility Information

Wristbands

To ensure everyone has a safe and enjoyable experience, the LRC has implemented a wristband procedure. This system allows us to identify patrons who have paid for facility activities and identify children that require supervision while in the facility. Children under the age of 7 years and their supervisor will be given matching wristbands.

Personal Belongings

It is recommended that patrons do not leave any valuables in the change rooms. We suggest securing all personal items in a coin-operated locking locker or locking your belongings in a locker with your own padlock. Guest services also sells padlocks ranging in price from \$5 - \$15. Please remember to remove your lock after your visit as any locks left overnight will be removed.

The City of Leduc and LRC are not responsible for lost or stolen articles.

Public Drop-In and Outside Training

Public drop-in access is intended for recreational use only. Any outside personal training or group instruction/coaching is strictly prohibited during public drop-in times.

Active Participation vs. Active Supervision

Active Participation requires a responsible person 14 years of age or older to participate with the participants 7 years of age or under in the field house. In the aquatics centre the child must be within arm's reach of guardian, or on the ice. If the description states an **Adult is required** the active participant must be 18 years or older. Some instructor-led programs may also require active participation. You will see the following red icon beside all **Active Participation** activities.

Active Supervision requires a responsible person 14 years of age or older to watch participants 7 years or under from the sidelines of the field house or from the players bench in the ice arenas.

Red Cross Water Safety Instructor Development Program (WSI)

The WSI Course is designed to provide candidates with the proper knowledge and skills to teach swimming and water safety while promoting water-safe attitudes in, on, and around the water. Learn to teach all levels of the Red Cross Learn to Swim program. Course material will cover teaching methods for water safety, water skills, and swimming strokes. This certification consists of 4 components, all of which must be completed for successful completion of the WSI certification.

PART 1: Skills Evaluation – completed within Classroom & Pool component

This initial skills assessment can be completed before, during or after candidates complete the online modules but must be completed prior to finishing the classroom portion. Candidates are evaluated on water safety skills & strokes (based on Red Cross Swim Kids 10 performance criteria) & Instructor Emergency Response (IER) skills to ensure the WSI candidate can identify and demonstrate how to prevent & manage any emergency situation that may arise in an instructional setting.

PART 2: Online Professional Development Modules

*Cost included with classroom registration. Contact Aquatic Programs Coordinator to purchase Online materials only at 780-980-7165

This 14-20 hour online component of the course focuses on the theory of instruction. WSI candidates' knowledge is tested through videos, virtual games, workbook & online activities, and a knowledge evaluation at the end of each module. The WSI course package includes all WSI course materials including access to the WSI – Online component. This online component can be done at the candidate's leisure but must be completed prior to beginning their Teaching Experience and classroom portions of the Instructor Development Program. Candidates can pick up the course package at the LRC Aquatic Centre upon registration.

PART 3: Teaching Experience – available City of Leduc co-teaches can be selected at briefing

The Teaching Experience component follows the online modules and is completed prior to the classroom and pool component. Candidates complete a minimum of 8 hours (total) of teaching experience:

- 4 hours teaching with a Red Cross Preschool class

Each participant must arrange their co-teaching at a facility of their choice. Teaching experience will need to be completed within 6 months of completing the online modules and before beginning the classroom portion of the program.

The City of Leduc does not guarantee that all candidates will be able to get co-teaches at our facilities. Contact the Aquatic Programs Coordinator at 780-980-7165 to talk about setting yours up.

PART 4: Classroom & Pool Component \$420

Tips Before you Play

Check the weather

For most people, 18°C is the minimum comfortable temperature for outdoor aquatics. Temperatures in Leduc during June and August often dip below 18 degrees. Please be cautious, especially with small children, when using the Spray Park on these days.

Toilet-training?

Make sure all little ones not yet potty-proficient are wearing swim diapers on the pad. Accidents can cause a closure of the park.

Change Facility

We recommend arriving in swim attire. Alexandra Pool change rooms are available during pool operating hours only. A single washroom located on the northeast corner of the outdoor pool building is available when the pool is closed. This washroom is not equipped with a shower.

Food Options

Food can be consuming on the grassed areas. Please tidy up after yourself and help us keep the park clean for everyone. Avoid glass containers to keep the park feet-friendly. A concession is available at the Alexandra Arena.

Don't Forget!

Children under 8 should be actively supervised on the Spray Pad. Smoking is not permitted in the park and pets are best left at home.

FAMILY & COMMUNITY SUPPORT SERVICES

FCSS provides FREE confidential support and resources to residents of the City of Leduc. Our staff has a strong working knowledge of local support services and is able to connect families, youth, adults, and seniors with available programs and services. We are often the first point of contact for community members and agency groups looking for help in the area of social well-being.

■ Family and Individual Supports

We provide support to families and individuals within the City of Leduc:

One-on-One Support

We work directly with clients in the FCSS office, or at a designated public space to help families and individuals access resources and develop skills and strategies in response to life struggles. We will often partner with other supporting agencies to assist individuals and families in accessing necessary services.

What would be some reasons you may call Family and Community Support Services for one-on-one supports:

- You're interested in finding more information on affordable counseling and Recreation Subsidy
- You have a child between the ages of 6-18 and you're looking for support or resources on parenting and/or direct supports for your child
- You're an adult of 18 years or older and you're looking for support and/or resources; or
- You or someone you know is experiencing family violence.

Early Development Instrument

The Early Development Instrument (EDI) is a standardized tool that measures the development of five-year old children based on the children's social, emotional, physical and intellectual development. Across the province, some 70,000 children have been evaluated. The results from Leduc and the Leduc region are available online at www.ecmap.ca.

As part of our ongoing commitment to the children of Leduc, the programs we offer are being purposefully created with one or more of the five developmental domains in mind. When you see the symbols by the programs you will know what domains they primarily focus on.

If you would like to learn more about the Leduc Regional Early Childhood Coalition, please visit iamgrowingup.ca. If you have any questions about the EDI, EMap or the five developmental domains and our programming, please contact the FCSS or Recreation offices at 780-980-7177.

Developmental Domains:

Physical Health & Well-being

Encouraging physical growth and independence, gross and fine motor skills and coordination.

Social Competence

Encouraging playing well with others, curiosity about the world, respect for adults and other children, behavior and following rules/instructions, independence, + self-confidence and eagerness to explore new things.

Emotional Maturity

Encouraging age-appropriate emotional understanding, empathy, reflection, controlled actions (thinking before doing).

Language & Thinking

Encouraging reading, writing, classification of shapes, numbers, colours, sizes and concepts.

Communication Skills & General Knowledge

Encouraging open communication of needs and wants in a socially appropriate way, storytelling and an appropriate awareness of the outside world.

■ Youth Outreach Worker

The Youth Outreach Worker is a resource for youth aged 12-19 that is offered at no cost to parents or guardians. The goal of the Youth Outreach Worker is to support youth that live in the City of Leduc by engaging them in healthy activities and working with them one on one to increase their assets and connection to the community. The Youth Outreach Worker is responsible for providing outreach services by empowering the youth to build their skills, supporting them in accessing services, and advocating for their needs. The Youth Outreach Worker seeks to reduce barriers wherever possible and is flexible about the time and location of meetings with youth.

■ Older Adult Services

The Older Adult Services program connects with seniors and their families to provide one-on-one support, assists with form completion for government benefits and subsidies, and links seniors with social, recreation and educational programs within the community.

Older Adult programs and initiatives may include:

- Community Volunteer Income Tax Program
- Homemaking services
- Meals on Wheels

Homemaking

The Homemaking program provides light housekeeping assistance with the goal to help client's remain independent by living at home. The cost of this service is based on a sliding-scale fee.

Meals on Wheels

Meals on Wheels is a community service designed for individuals who are unable to prepare adequate meals for themselves, for any number of reasons; such as, illness, injury, mobility issues, vision problems, safety concerns or shopping difficulties. The purpose of the program is to enable recipients to remain comfortable and independent in their own home. Hot nutritious meals are prepared at the Leduc Community Hospital, and volunteers deliver the meals to the client's home.

Elder Abuse

Elder abuse, or the abuse of older adults, is often defined as any act or omission that harms a senior or jeopardizes his or her health or welfare. The World Health Organization defines abuse of older adults as "a single or repeated act, or lack of appropriate action, occurring in any relationship where there is an expectation of trust that causes harm or distress to an older person." Elder abuse can take many forms and can take place in the home, in other residential settings, or in the community. It is estimated that between 4 and 8 per cent of Canadian seniors experience some type of abuse.

If you have any questions or concerns about elder abuse, please call the Seniors Abuse Help Line at 780-454-8888 (24-hour line).

Again for the month of **June** we are encouraging residents to **Disconnect to Connect!** Draw boxes will be set up at the LRC, Leduc Public Library and Civic Centre and will also be available at city events - drop by any of these boxes and submit an entry telling us how you unplug in Leduc, and you'll be entered to win an Unplugged prize basket.

- tree branches less than 1 cm (3/8 inch) diameter.

Maintenance tips help keep your cart clean and odor free.

- Keep lid closed to keep flies out.
- Line your cart with approved cart liner compostable bags or with soiled newspaper or cardboard.
- Layer wet material with dry material.
- Wrap meat and seafood in newspaper or soiled cardboard.
- Sprinkle baking soda, powdered laundry detergent (without bleach), vinegar or powdered lime in the cart or around the rim.
- Clean out organics from your fridge or freezer just before collection day.
- Wash out your cart and dry it upside down.

Nature's Nutrients
FEED YOUR YARD!

And it's easy to do!

BACKYARD COMPOSTING

helps divert material from the landfill and:

- gives you nutrient-rich material for your lawn and garden,
- improves your soil quality, and
- reduces the amount of material the city needs to process.

GRASSCYCLING

Leave your grass clippings on the lawn when you mow.

It's that simple!

Good for your lawn:

- Nutrients stay on your lawn.
- The clippings help retain moisture.
- Your lawn won't need chemical fertilizers.

Good for you:

- Your lawn needs less water.
- You save time and energy.
- You are reducing the amount of organic material the city needs to process.

✓ 2.5 - 3" = perfect!

■ Pollinator Gardens – a Bee’s Best Friend

Explore the city’s pollinator garden located near the Community Gardens at Telford Lake or create one in your own back yard by following these simple tips.

- Provide habitat for pollinators to live. Exposed soil, standing litter, food plants for different life stages and a place to overwinter are all important.
- Provide shallow water dishes with stones for pollinators to stay hydrated.
- Avoid using pesticides anywhere in your yard.
- Cluster flowers in groups at least a metre in diameter.
- Use a variety of plants that will flower from spring through the fall.
- Use flowers of different shapes and ones that have bright colours such as purple and yellow. White flowers with a strong scent are also attractive, especially to night-time pollinators like moths.

Pollinators’ favourite flowers include:

- Black-eyed susan
- Wood lily
- Wild bergamot (bee balm)
- Goldenrod
- Speedwell (Veronica spicata)
- Sunflowers

Flowers in the:

- Aster family
- Milkweed family

Fruit and flowering trees:

- Plum and cherry
- Linden, mayday, poplar and willow

For more planting suggestions, check out Leduc.ca or talk to your local greenhouse.
